Sudden Death.

The death of Michael O'Connor yesterday was a particularly sad one. He had been ailing for some time past, having been injured in the mine and never fully recovered from the effects of the accident, but had been working right along although at times he was unable to stand it. He was at work last Thursday undrugged, but was taken sick in the evening and went to bed early. The next morning, however, he was much better, but decided not to go to work. About 8 o'clock in the morning he was taken worse and a physician summoned. The doctor was unable to come at once. About noon he got considerably worse and the physician was again summoned, the lady who owned the boarding house going for the doctor herself and leaving O'Connor in charge of one of the women employed there. He fell into a fainting spell and a lady was called from the street to lift him up to his bed. When the man got inside he found the man was already cold in death. The doctor shortly afterward arrived, but his services were then of no use.

The deceased was an old Keweenaw county boy, having been raised at Eagle Harbor. He was 51 years of age and unmarried. His mother, sister and two brothers reside in Superior, one of his brothers being on the road for the Twoby mercantile company and another residing in Cripple Creek. The former has been telegraphed and arrangements for the funeral have not been made, pending an answer from him.

Labor Day Sports.

Next Monday occurs the annual inter-association field day of the copper country. Y. M. C. A.'s and from the interest thereof and the fact that the different athletic contests it will be the biggest thing of the sort ever witnessed in the Upper Peninsula. The contests will take place at the Athletic park and, as this is the first time the inter-association field day has been held here, Calumet people are unusually interested in the success of the affair. Men have been at work for some time getting the track in shape and if the weather is fair tomorrow it will be in first-class condition for the sports.

Special trains will be run from the Portage Lake towns and a large number of people from there will probably be out and Lake Linden people will also be out in large numbers. The contests for points to win the cup have awakened a good deal of rivalry between the different associations and no one can tell which will be the winner.

Benefit Ball.

Somewhere between 50 and 75 couples were in attendance at the Calumet Light Guard armory last evening at the grand ball, under the auspices of the German-American bowling club and for the benefit of the sufferers from the Ontonagon fire, but a large number of tickets were sold outside and the affair was a financial success. Dancing was commenced early in the evening and continued until early this morning, the merry dancers only stopping long enough in the pleasure, for supper, which was served about midnight. Karkeet's Ideal orchestra furnished music for the event and it was excellent in every respect. The orchestra has lately secured a lot of new music and several new selections were rendered last evening and thoroughly appreciated.

Labor Day.

"A Laboring Man" if he wished his letter to appear in these columns should have signed his name to the communication, not, however, for publication.

We may state, however, that the Evening News will set the mining companies and others a good example by closing and consequently no paper will be issued from this office on that day.

If congress thought it was the right thing to do to set aside one day out of the year as "Labor Day," it does appear strange that this day is not celebrated in the copper country as it is in other parts of the states. It is just such actions as these that cause a friction, and apparently for no good cause, between the employers and the employed.

Not Guilty.

The case of assault and battery against a man connected with some trouble that occurred in the famous rock building on Sixth street last payday night and which has been postponed time and again came up for settlement in Justice Fisher's court yesterday afternoon and a jury trial was had. Attorney Kerr was for the people and Attorney Joseph Hamblin, of Houghton, appeared for the defendant. A large number of witnesses were examined and the case attracted a great deal of interest. After a short deliberation the jury brought in a verdict of not guilty.

The Ontonagon Fund.

So far the amount collected in this neighborhood reaches \$1,000 of which the sum of \$1,200 has been forwarded to Mr. Sawyer, the chairman of the relief committee at Ontonagon.

The accounts for the goods forwarded to Ontonagon last week are as follows: J. Vivian, Jr., & Co., \$129.10; Ed Ryan, \$89.37, a total of \$218.53, the goods being charged at cost price only. Mr. Martin donated the tents he furnished and which were forwarded with the other supplies.

Prohibition Meeting.

Last evening, according to call, the prohibitionists held a meeting in the hall of the Temple of Honor, at which Mr. Martin Harper acted as chairman. Those present were very enthusiastic and the national and state platforms of the prohibition party were fully endorsed.

At the meeting it was decided to form a prohibition club and arrangements for which were at once started and the particulars of which will appear in the News later on.

Both are well known in the copper country and have a large circle of friends who are glad to see them again.

Mr. Feinberg, of the fair, arrived from Chicago, where he purchased a big stock of fall goods, consisting of dry goods, clothing, boots and shoes, ladies' and gent's furnishing goods, etc. We are sure to save you 40 cents on every dollar. We sell for gold or silver, but it must be United States standard money.

James Furness.

James Furness, aged 16 years, who was working in No. 4 shaft, Wolverine, was so severely injured yesterday afternoon by a rock, which fell down the shaft that he died early this morning. Mine Inspector Hall visited the scene of the accident today. The father and friends, believing the boy's death to be caused by an accident, did not wish an inquest held. The funeral will take place Monday.

The management of the Eagle drug store has decided to keep its place of business open all hours of the day and night, so that prescriptions can be put up without the necessity of calling a night clerk. This effort will undoubtedly be appreciated by the people, as it shows the firm intends to give the best service possible.

The auction at Gittler's jewelry store will go on as usual Monday, Labor Day, but on Tuesday and Wednesday, owing to the Jewish holiday, the store will be closed. The auction will be started again on Wednesday evening at 5 o'clock as usual, and continued until the entire stock is disposed of.

Joseph Dyer, who left here about four months ago and who has been visiting in Cornwall and various other parts of old England since, has returned to Calumet and comes back all the better for his vacation. He had not been to his old home for years and the visit was indeed a pleasant one.
